SEASON TICKETS

Many events at the Alaska Center for the Performing Arts are sold through season ticket sales by ACPA's eight resident companies. Each resident company will make season tickets available in accessible seating areas for patrons with disabilities during their season ticket campaigns.

For the best seat selection for season tickets contact the performing arts company as soon as possible, otherwise single ticket purchases per event may be made via ACPA's Accessible Services Program or CenterTix.

A list of resident companies and their contact information is included on the following page.

Accessible seating is available from the time tickets go on sale until the time of the event (first come first served), during normal ticket office hours or any time on the CenterTix website. Seating in accessible seating areas should be requested as early as possible before attending an event.
